## WELCOME TO JONAH'S WINE LIST

The Wine List at Jonah's consists of over **1600** wines.  
All our wines are stored in two temperature controlled wine cellars,  
which between them hold up to 10,000 bottles of wine.

Jonah's has been in continuous operation for over 90 years, and has established strong relationships with our beverage suppliers. Today we source our fine wines from nearly 100 wine merchants, wineries and vineyards from around Australia - and the world.

We also partake in regular fine wine auctions in order to gain access to mature wines of limited availability. *Langton's Fine Wine Auction* plays an integral part in making those wines available to us.

The overall balance of our wine list is very important to us. There is a healthy balance between domestic and international wines, built on a solid foundation from classic wine regions such as Burgundy and Bordeaux. There is a strong emphasis on wines from iconic regions, as well as lesser known regions of great quality.

We are also proud to present fourteen vintages of  
Australia's most recognized wine, *Penfold's 'Bin 95' Grange*.

There is also a wide range of *boutique wines* and *classic wines* for our comfort seekers, as well as "*left field*" wines for those who would like to be experimental and a little more adventurous. Please feel free to speak to our team of Sommeliers, who are trained to cater to your particular taste and budget, as well as find the right pairing.

**2024**  
AUSTRALIA'S BEST LIST  
OF WINES BY THE GLASS  
**Jonah's**

*"A very extensive list by the glass, including the use of wine by the glass preservation systems. The wines are not just to be trendy but rather exposes the diner to exciting and emerging producers. A thrilling list." Award Judge Ken Gargett*

**- WINE BY THE GLASS + APERITIF + SAKE -**

A great selection of wine by the glass is essential to any winelist, and Jonah's is no exception. Throughout the menu there are suggested wine matches for every dish - but these are not absolute! Please ask one of our qualified sommeliers to advise on an alternative if the wine listed doesn't grab you, and we'll be happy to suggest something else.

**- WINE PRESERVATION POLICY -**

At Jonah's we want you to receive your glass of wine in tip-top condition, the way the winemaker intended it to be. In order to achieve this we have a strictly enforced wine preservation system. High turnover wines are sealed after every service using a vacuum pump. Wines sealed in this manner have a 3-4 day life depending on conditions.

Dessert and fortified wines are sealed after every pour using Winesave®, an aerosol dispenser of Argon gas, a heavier-than-air, totally non-reactive, food-safe gas. Wines preserved in this way will easily last two weeks in excellent condition.

Our top wines are dispensed using the Coravin® wine preservation system, which will successfully preserve the wine for, in excess of, three months.

**- INNOVATION BY THE GLASS -**

The Coravin® system is a unique wine preservation system, developed in the US by Greg Lambrecht. It lets us easily pour from our best bottles, while leaving the cork where it's been since it was first sealed in the winery.

When the Coravin System is put in place on top of the bottle, a thin, hollow needle is inserted through the cork to extract the wine; at the same time an odourless and tasteless gas by the name of 'Argon' is inserted into the bottle to replace the space created by the extracted wine.

No removal of foil or cork is required in order to access the wine.

While Argon gas preservation has been around for a few decades, previous systems were large, expensive and somewhat cumbersome to operate. Coravin® has put the essential technology in the palm of one's hand.

More information on the device is available online at [www.coravin.com](http://www.coravin.com)

- This symbol indicates Organic/Biodynamic Certification - farmers use unique soil, plant and compost preparations that, when practiced successfully, create a humus-rich, well-structured soil, ideal for the growth of healthy vibrant plants. Standards include using environmentally friendly, ecologically safe, biological methods to activate and nurture the life of the soil, plants and animals within nature's organisation, without the use of artificial or synthetic chemicals, fertilisers, genetically modified organisms or the use of any unnecessary additives.

Bollinger Pinot Noir dominated wines are unmistakable - dry, rich, powerful and aristocratic.

Their ethos is 'great wine first, Champagne second'. Bollinger's own quality charter includes use of first press only, barrel fermentation, and storage of reserves in magnum under cork. Long lees aging is critical: four years for Special Cuvée and up to 12 for the precious R.D.

All prestige cuvées are hand crafted at every stage.

Over five generations the family have acquired vineyards in highly prized Grand and Premier Crus, supplying 65% of their own needs. Their vineyard sustainability was recognised in 2012 with a certification of 'High Environmental Value'.

James Bond 007 is their most famous advocate - so what if he's fictional!

### **Bollinger 'Special Cuvée' Brut NV**

This is the classic pinot-dominant style, with the elegant richness and depth that has made Bollinger a byword for luxury the world over.

**\$115 for a Half-Bottle (375ml)**

**\$175 for a Bottle (750ml)**

**\$395 for a Magnum (1500ml)**

### **Bollinger Rosé Brut NV**

You would expect nothing short of brilliance from Bollinger Rosé - and you won't be disappointed! This is superbly crafted with tons of red fruit character, and a structured finish from the small amount of red wine in the cuvée. Fantastic with food.

**\$255 by the Bottle (750ml)**

### **Bollinger 'La Grande Année'**

Literally "the Great Year", this is not just a vintage, but also Bollinger's *prestige cuvée*. Simply the expression of one magnificent year. Of course, it is not made every year - only when the harvest is both of superb quality and sufficient quantity is this great Champagne produced.

**2015 \$489 for a bottle (750ml)**

**2015 \$1995 for a magnum (1500ml)**

### **Bollinger 'R.D.'**

Only the very best vintage Bollinger becomes R.D. The ultimate expression of the Bollinger style, this is aged for at least a decade on the lees in the bottle. This is full bodied, long lived Champagne quite unlike any other.

**2008 \$1350 for a bottle (750ml)**

**2007 \$1295 for a bottle (750ml)**

**2004 \$1395 for a bottle (750ml)**

**2004 \$2750 for a magnum (1500ml)**

*"Bollinger? If it's '69, you've been expecting me"*

James Bond to agent Holly Goodhead, *Moonraker* (1979)

### **Bollinger 'Bond Limited Edition'**

This limited edition Champagne celebrates the historic relationship between Bollinger and Bond, partners since 1979.

This unique Champagne has been created with 100% Pinot Noir grapes sourced from Grand Cru Vineyards only.

**2011 \$689 for a bottle (750ml)**

## THE MOSEL VALLEY OF GERMANY

## GERMANY - MOSEL - JOH. JOS. PRÜM

Weingut Joh. Jos. Prüm

*The Joh. Jos. Prüm winery is located in the middle Mosel wine district in Germany. The Mosel river valley is probably the most famous and arguably the most admired wine region in Germany. Since 2003, the Joh. Jos. Prüm winery is now run by 4th generation winemaker Dr. Katharina Prüm, daughter of Dr. Manfred Prüm, who has led the estate since 1969. The Prüm family history dates back as early as 1156!*

### **Zeltinger Sonnenuhr (Sundial) Vineyard**

*The Zeltinger Sonnenuhr vineyard is the most northernly site and borders the Wehlener Sonnenuhr vineyard in the south. Both sites are named after the sundial, which was erected in the vineyard in 1842 by Jodocus Prüm to give the vineyard workers better orientation. The major characteristic of this vineyard is its shallow top soil, the roots hit on the firm slate almost immediately. As a result the roots have trouble finding water which affects yields and characteristics of the vines. The wines from here are very complex with earthy, rocky and smokey notes. The style is less elegant, with softer acidity and more density. The Wehlener Sonnenuhr and Himmelreich have more finesse, but these wines from the Zelinger Sonnenuhr can develop into truly wonderful, mouthfilling pleasures.*

### **Bernkasteler Badstube Vineyard**

*The Badstube vineyard borders the Himmelreich vineyard in the south, the last vineyard to appear on a Joh. Jos. Prüm label. The vineyard is marginally shallower than the Sonnenuhr and Himmelreich with deeper soils. Due to its more western orientation the vines enjoy longer exposure to the afternoon sun. The wines from here are more floral, delicate and mineral in style. The Badstube vineyard does not obtain the weight and concentration of the Sonnenuhr and Himmelreich vineyard, instead wines are wonderfully fresh and racy in style.*

## RIESLING - PRODUCER SPOTLIGHT

### GERMANY - MOSEL - JOH. JOS. PRÜM

#### Wehlener Sonnenuhr (Sundial) Vineyard

*The Sonnenuhr vineyard is Joh. Jos. Prüm most iconic vineyard site. It offers perfect growing conditions for the Riesling grape, grey slate soil, good water support, extremely steep with up to 70% gradient and an optimal south-south-west exposure. The wines from the Wehlener Sonnenuhr show ripe aromas of peach, nectarine and apricot and are deep and long in flavour. Wines also possess a fine mineral structure.*

#### Graacher Himmelreich (Kingdom of Heaven) Vineyard

*The Himmelreich vineyard borders the Sonnenuhr vineyard in the south. Wines from this vineyard can often challenge the wines from the more famous Sonnenuhr vineyard, especially in hot and dry years. Wines are characterised by a more racy acidity and more pronounced minerality that reminds of crushed rocks. Flavours are more reminiscent of citrus fruits. The wines are more approachable than the Sonnenuhr when young, extremely mouthwatering and delicious. The vineyard faces further west, with a more south-west exposure, it is also less steep and soils are deeper, with greater water retention.*

| Federspiel           | Term used in Austria, solely in the Wachau wine growing region (North-East). Three categories are used, where 'Steinfeder' is the lightest and 'Smaragd' the richest style. 'Federspiel' sits in between those two categories and features a must weight of at least 17° KMW and an alcohol content of between 11.5% and 12.5% by volume. The name Federspiel refers back to the times of falconry, when this favourite form of noble hunting was practiced in the Wachau. |

| Ripasso                    | <i>Ripasso is an Italian wine produced when the partially aged Valpolicella is contacted with the lees of the 'Amarone', including the unpressed grape skins. The lees still contain a lot of sugar and the Valpolicella undergoes a second fermentation. The resulting wine is more tannic, with a deeper color, more alcohol and more extract. The word Ripasso designates both the winemaking technique and the wine, and is usually found on a wine label.</i>                                                                                                                                                                                                                                                                    |

| Smaragd                    | <i>Term used in Austria, solely in the Wachau wine growing region (North-East). Three categories are used; 'Smaragd' is the name for the best and the most treasured wines in the Wachau. The alcohol content of these wines begin at 12.5% by volume. This, along with the highest grape ripeness and natural concentration are what make this world-class designation possible. Emerald-coloured lizards, also known as Smaragd are at home in the terraced vineyards of the Wachau.</i>                                                                                                                                                                                                                                            |

| VDP Wine                   | <i>German for 'Verband Deutscher Prädikats- und Qualitätsweingüter'. Association of German Prädikat Estates is an organisation where most (but not all) of Germany's top wine producers are members. It is commonly known under its acronym VDP. In order to be a VDP member, a wine estate must adhere to certain standards which are slightly more stringent than those set down in the German wine law. VDP members may (and almost always do) use the VDP logotype, a stylized eagle with a cluster of grapes, on their wine bottles. Also, the members have access to the new VDP-specific classifications 'Erste Lage' (First Growth) and 'Grosses Gewächs' (Great Growth) for top dry wines that fulfill the requirements.</i> |
| Vieilles Vignes            | <i>French for 'old vines'.</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
